PERMANENT RESIDENCY

AN OPPORTUNITY LIKE NO OTHER

For individuals in the international community seeking permanent residency in The Bahamas for asset and wealth management or lifestyle, a real estate investment is an excellent consideration and legal avenue to achieving this status.

TAX- FREE ADVANTAGES

As one of the world's premiere off-shore financial, banking, and tax-free jurisdictions, there are only a few things on which you pay taxes in The Bahamas. Capital gains, corporate earnings, personal income, inheritance and dividends are all tax-free. This applies not only to individuals, but also to all resident corporations, partnerships, and trusts. Tax advantages do not require that Bahamian residents remain in The Bahamas for any specific length of time in a given year.

INTERNATIONAL FINANCIAL CENTRE

The Bahamas prides itself as a sophisticated, international financial centre with over two hundred and fifty banks and trust companies licenced to do business within and from The Bahamas. Several different countries are represented within the Bahamas including the United Kingdom, Switzerland, France, the United States, Canada, Japan and Brazil.

LIFE IN THE BAHAMAS & APPLICATION FOR PERMANENT RESIDENCY

The Bahamian Government considers that high net-worth individuals provide direct and in-direct benefits to the Bahamian economy through employment, purchase of goods and services as well as banking and investment needs. As such, accelerated consideration for permanent residency is granted for those purchasing real estate valued above \$1,500,000.00.
